# Introduction

# Recap

1. Ideally everything is based on text
2. Markdown is a very easy markup language
3. Pandoc can combines languages and convert to pdf and html
4. This means that your writings (articles & presentation) can be converted simultaneously to:
  - ▶ pdf for dead trees
  - ▶ html to be published on *your* website

# Goal

*to publish your results as a visible internet page*

- ▶ together with the rest of your analysis

## Presentations and websites

# HTML slides

- ▶ Easy to

Github

## Other publication channels

## Conclusionary remarks
